

Foodies Note: Marketing Materials

Category: Food & Drink, Lifestyle

Description:

Foodies App is a location based service (LBS) note taking app. We will help you look around to find your favorite restaurant and filter out the food & drink categories you don't like. You can also use Foodies Note to record restaurants where you have been visited and write your experience in note in your personal space. You will be able to share your joy with your friends in Facebook. Enjoy food, enjoy recording.
